Time line for Flagship achievement of Surun Infocore Systems

This section briefly describes our milestone achievements based on the timeline; these are our performance parameters which truly defines our ability and constant endeavours.

- **Special 3 Days Session @ YASHADA, Pune (An IT Initiative by Government of Maharashtra)**
 - Yashwantrao Chavan Academy of Development Administration (YASHADA) is the Administrative Training Institute of the Government of Maharashtra, and meets the training needs of government departments and rural and urban non-officials and stakeholders.

- **Hackers Tantra – Specials @ IIT, Pawai, Mumbai (Year 2012)**
 - To spread the “Hackers Tantra – True Knowledge” mission to the mass as well class audience, we decided to get involved with the IIT, Pawai, Mumbai.
 - The event was completely dedicated to the Dissection of Ready Made Forensic Tools.

- **Hackers Tantra V2.0 & V3.0 - Live Workshops- Destinations - Pune & Nasik (Year 2011)**
 - Executed very special live workshops covering more than 350 participants of Pune & Nasik zones for creating appropriate awareness about the cyber crime activities, the complete sessions are 100% based on live demonstrations of all the topics.
 - The basic theme of these mega events is “Taste the flavor of basics... And let the extra ordinary things happen”, and for same purpose we deliver these session completely structured on avoiding use of automated third party tools/ software.
 - These workshops were executed with joint ventures with Annasaheb Magar College, Pune and SNJB’s College of Engineering, Chandwad, Nasik.

- **Knowledge Processing Operations (K.P.O.) (Year 2010)**
 - To contribute to the communities as a part of social activities, we have initialized a very special approach, “free of cost computer troubleshooting assistance”, via our dedicated telephone lines.
 - This is a semi charity scheme which was designed to directly benefit the masses by our highly trained expert agents. This KPO works in all domains of the IT Industry so that every domain specific queries should get satisfied.

- **Hackers Tantra V1.0 – Live Workshop- A State Level Event (Year 2009)**
 - A state level mega event for promoting awareness in cyber crimes was conducted as in joint venture with MIT College of Engineering, Pune. The event was benefited to more than 350 students from all over Maharashtra. This event was specifically designed to deliver hands on practise for each and every trick.

- **Member Of Cyber Security Committee (Pune Police) (Year 2008)**
 - After successfully grabbing the prospect to bracket together with, MITech, Pune, Directed by Mr. Sudam Choure (The coordinator of Pune Police Cyber Committee) we have equipped ourselves to cater our special skills to Pune Cyber Security Committee.

- **Institute For Advanced Pc-Maintenance & Troubleshooting (Year 2008)**
 - After another great success in Corporate Training Solutions, we have finalized the dream of our own Institute for Advanced PC Maintenance & Troubleshooting. The scope of Institute is set for 100% Practical Exposure. In the curriculum, we mentor students for various advanced topics like - Virus Programming, Hacking etc
- **Learning Center (Year 2007)**
 - This is very special section in Surun Infocore Systems; via this division we share our knowledge with the various institutions, colleges, corporate companies by delivering very special interactive seminars with purely 100% live demonstrations.
 - Till now we have entertained more than 7000+ participants by delivering more than 100+ seminars covering more than 35+ colleges and corporate organizations.
- **Consulting / Corporate Training Solutions (Year 2007)**
 - As an expansion process in year 2007 our team encountered with great opportunity to work with the corporate training schemes. Our first consignment in this area was to conduct training sessions for “The Pune District Judiciary Panel” this project was designed by Government of India with desire to provide basic trainings to Pune judiciary panel about Red-Hat Enterprise Edition along with their judiciary software installed on their individual laptops.
- **Software Domain Solutions (Year 2007)**
 - After great success from computer Hardware Solutions Domain & Data Recovery Solutions domain we are getting ready for computer software domain solutions. So after manipulating resources in early of year 2007 we came up in the industry with our new, enhanced software division.
 - Currently we are catering our skills to both Onshore and Offshore clients.
- **Data Recovery Domain Solutions (Year 2006)**
 - With the increasing demand of our satisfied clients in the seasons of year 2006 we came up in the market with the various Data Recovery Solutions. Currently we are having tie up with more than 60+ computer Dealers for Data Recovery Solutions.
- **Hardware Domain Solutions (Year 2000)**
 - The roots of company can be found during the sessions of Year 2000. With the period of time and experience at Surun Infocore Systems we had developed a Unique Algorithm* for Removal of the Bad-Sector from hard-disks. (Year 2005) We have successfully implemented this algorithm on various makes/ brands of hard drives as well as on Track-Zero Bad Sectors and we are glad to announce that our success ratio is much more impressive in this area.
